

2011 Limnology Practicum Poster Session

You are invited to the poster session where students will present the results from their short independent projects in the Limnology Practicum lab this term. Many of the projects were performed on Song Lake, in nearby Preble, NY, with the help of members of the Song Lake Watershed Association. Projects on everything from water chemistry to fish will be on display.

Wednesday, 14 December
5:15-7:15 PM; 12 Illick Hall
Come for any length of time! All are welcome.
